## INTERCITY TELECOMMUNICATIONS SERVICES

4. SERVICE AND RATE DESCRIPTION (continued)4.5 Miscellaneous Services (continued).8 Prepaid Calling Card Services

Effective September 30, 2008, STi Prepaid, LLC is the provider of service for all Sprint Communications Company, L.P. prepaid phone cards as set forth in this tariff. The intrastate rates will remain in effect for at least twelve months after this date.

(N)

(N)

Sprint Prepaid Phone Card Service is an add-on to the interstate offering. Individual cards are specified in Section 5.8 of this tariff. Prepaid Phone Card Service will allow a customer to pay a fixed dollar amount in advance for long distance calling over the Company's network. Prepaid phone cards may be plastic, a receipt, or a virtual card on the Internet. The customer uses a toll free number on the card to access the Company's network. The customer can place intrastate, interstate and international direct dial calls.

Minute increments of usage rates will be deducted on a real-time basis as the card is used until the full amount of the card is depleted unless specified elsewhere. For one-minute usage rate cards, fractional minutes are rounded up to the next full minute. The rates for all prepaid phone cards apply 24 hours a day, seven days a week.

The rates in effect at the time a customer purchases a card are the rates which will be in effect until the card is depleted. Certain cards are eligible for recharge. When a card is eligible for recharge, the same per minute rates apply unless otherwise stated in this tariff. A customer recharges the card by purchasing additional dollar increments by calling the toll free number on the back of the card. The customer must pay with a major credit card. The dollar amount will be added to the card once the credit card has been verified. Only one purchase is permitted within a 24 hour period and that single purchase cannot exceed \$100.

The customer will be notified in advance of the depletion of the card. The expiration date or policy is stated on the back of the phone card. The Voice Response Unit advises the caller when there is one minute remaining on the card.

Directory Assistance calls may be placed with prepaid phone cards for which a Directory Assistance rate is specified. Calls made from public phones will be assessed a surcharge not to exceed any applicable state imposed rate cap. Calls placed from a rotary phone will default to a Company Operator or to a speech recognition utility for call dialing only. Connection Fees and Surcharges, if applicable, are listed with each individual card for which they apply and are assessed.
